* - Elected during the session (their scores, in some cases, are lower than would be expected as they did not have the opportunity to introduce priority legislation or co-sponsor as many bills)

** - Elected from the House during the session

*** - Passed away prior to the vote

NV - Missed Vote

NV* - Rep. Velis' missed votes came as he was deployed with the US Army Reserves in Afghanistan. It should also be noted, Rep. Smizik's vote against H.4857 was a protest vote for the bill not going far enough.

Not Scored: Senate President Karen Spilka (former Chair of Ways and Means) and former Senate President Emeritus Harriette Chandler. All of our priority legislation must go through Ways and Means, and the Senate President and Speaker, respectively, must allow for bills to come to the floor for a vote. Members of the Legislature in these positions rarely sponsor legislation and do not sign letters to themselves. As such, it is difficult for them to earn points in the system we have designed for our scorecard so they are not included. It should be noted that other members of leadership often choose not to file legislation as well, so their scores, in some cases, may be lower than their colleagues for that reason.
